

Year 3/4 Remote Learning Survey

Aim: To find out which Y3/4 class enjoyed remote learning the best.

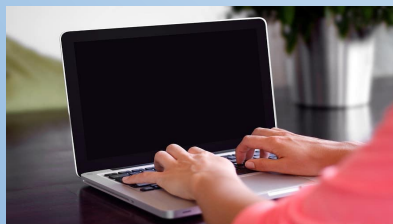

Hypothesis: We thought that most of the people would dislike remote learning, because we miss out on a lot of things and activities, like camp.

Equipment: Clipboard, pencil, eraser, Google Slides and Sheets on the computer.

Method:

- 1) We get the clipboard then go to each classroom.
- 2) Then we ask all the people from each 3/4 class if they liked remote learning.
- 3) We track down the data and type it on Google Sheets to make a graph.

Conclusion: Our results did match our hypothesis, but we didn't expect that there was going to be only 1-5 people that liked remote learning.

Class	No. of students liked remote learning	No. of students disliked remote learning
3/4 C	5	17
3/4 P	2	18
3/4 A	1	19
