

# What are the most popular online games used by years 3-6?

## Hypothesis

Our hypothesis is that the most popular online game is going to be either Roblox or Fortnite. The least most popular online game will be Sims or Minecraft.

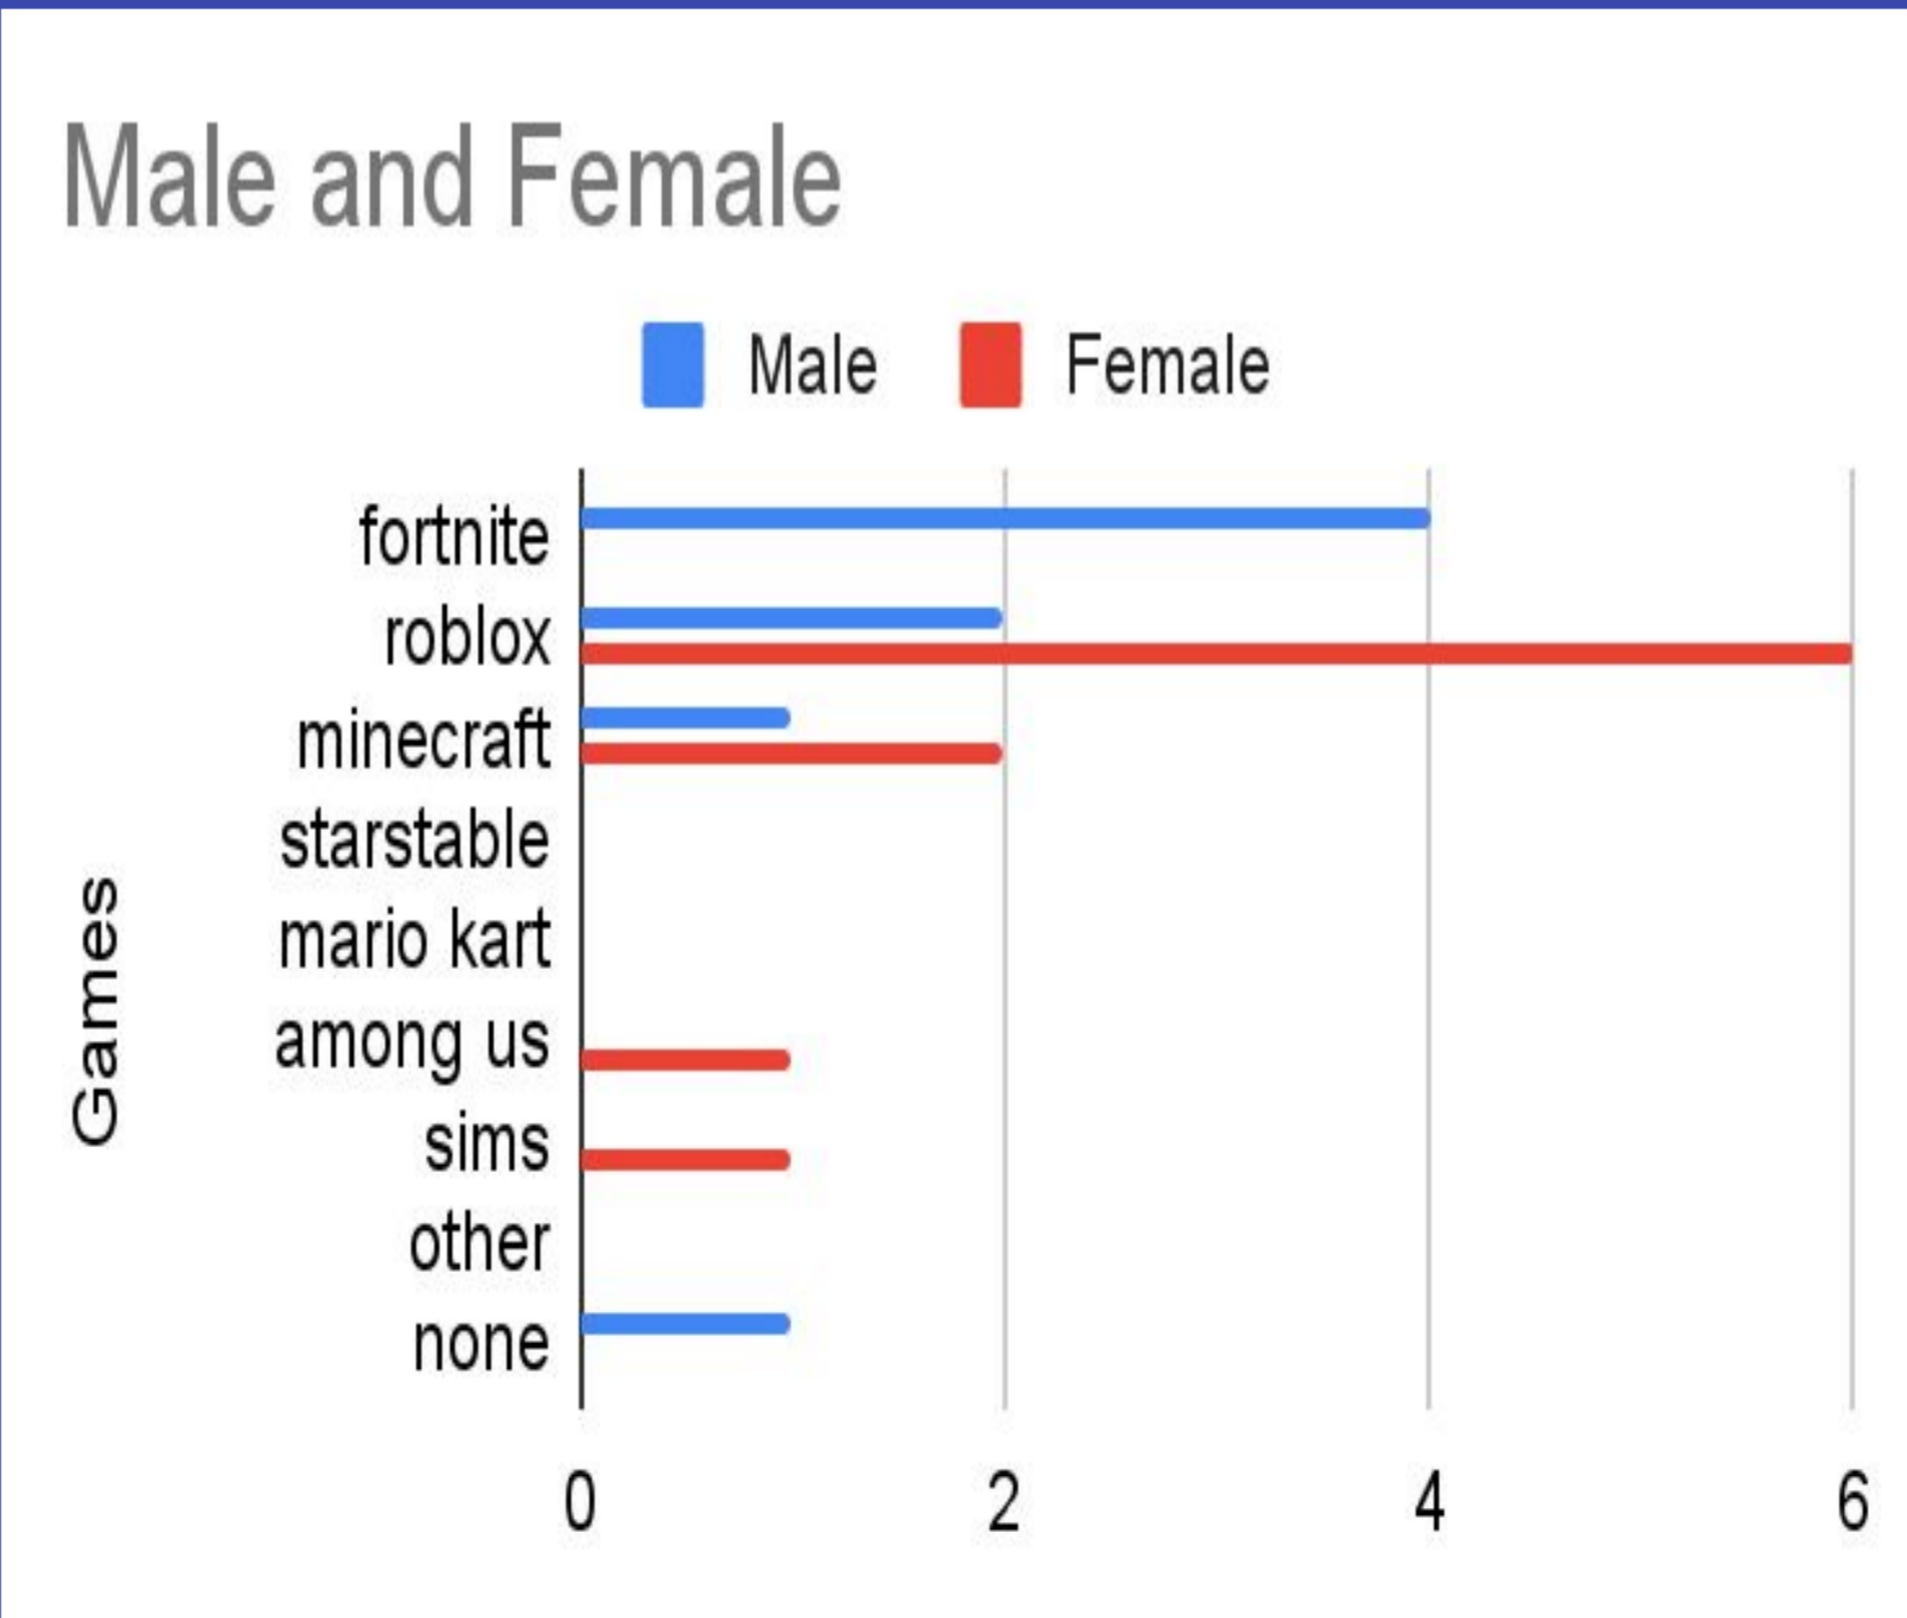

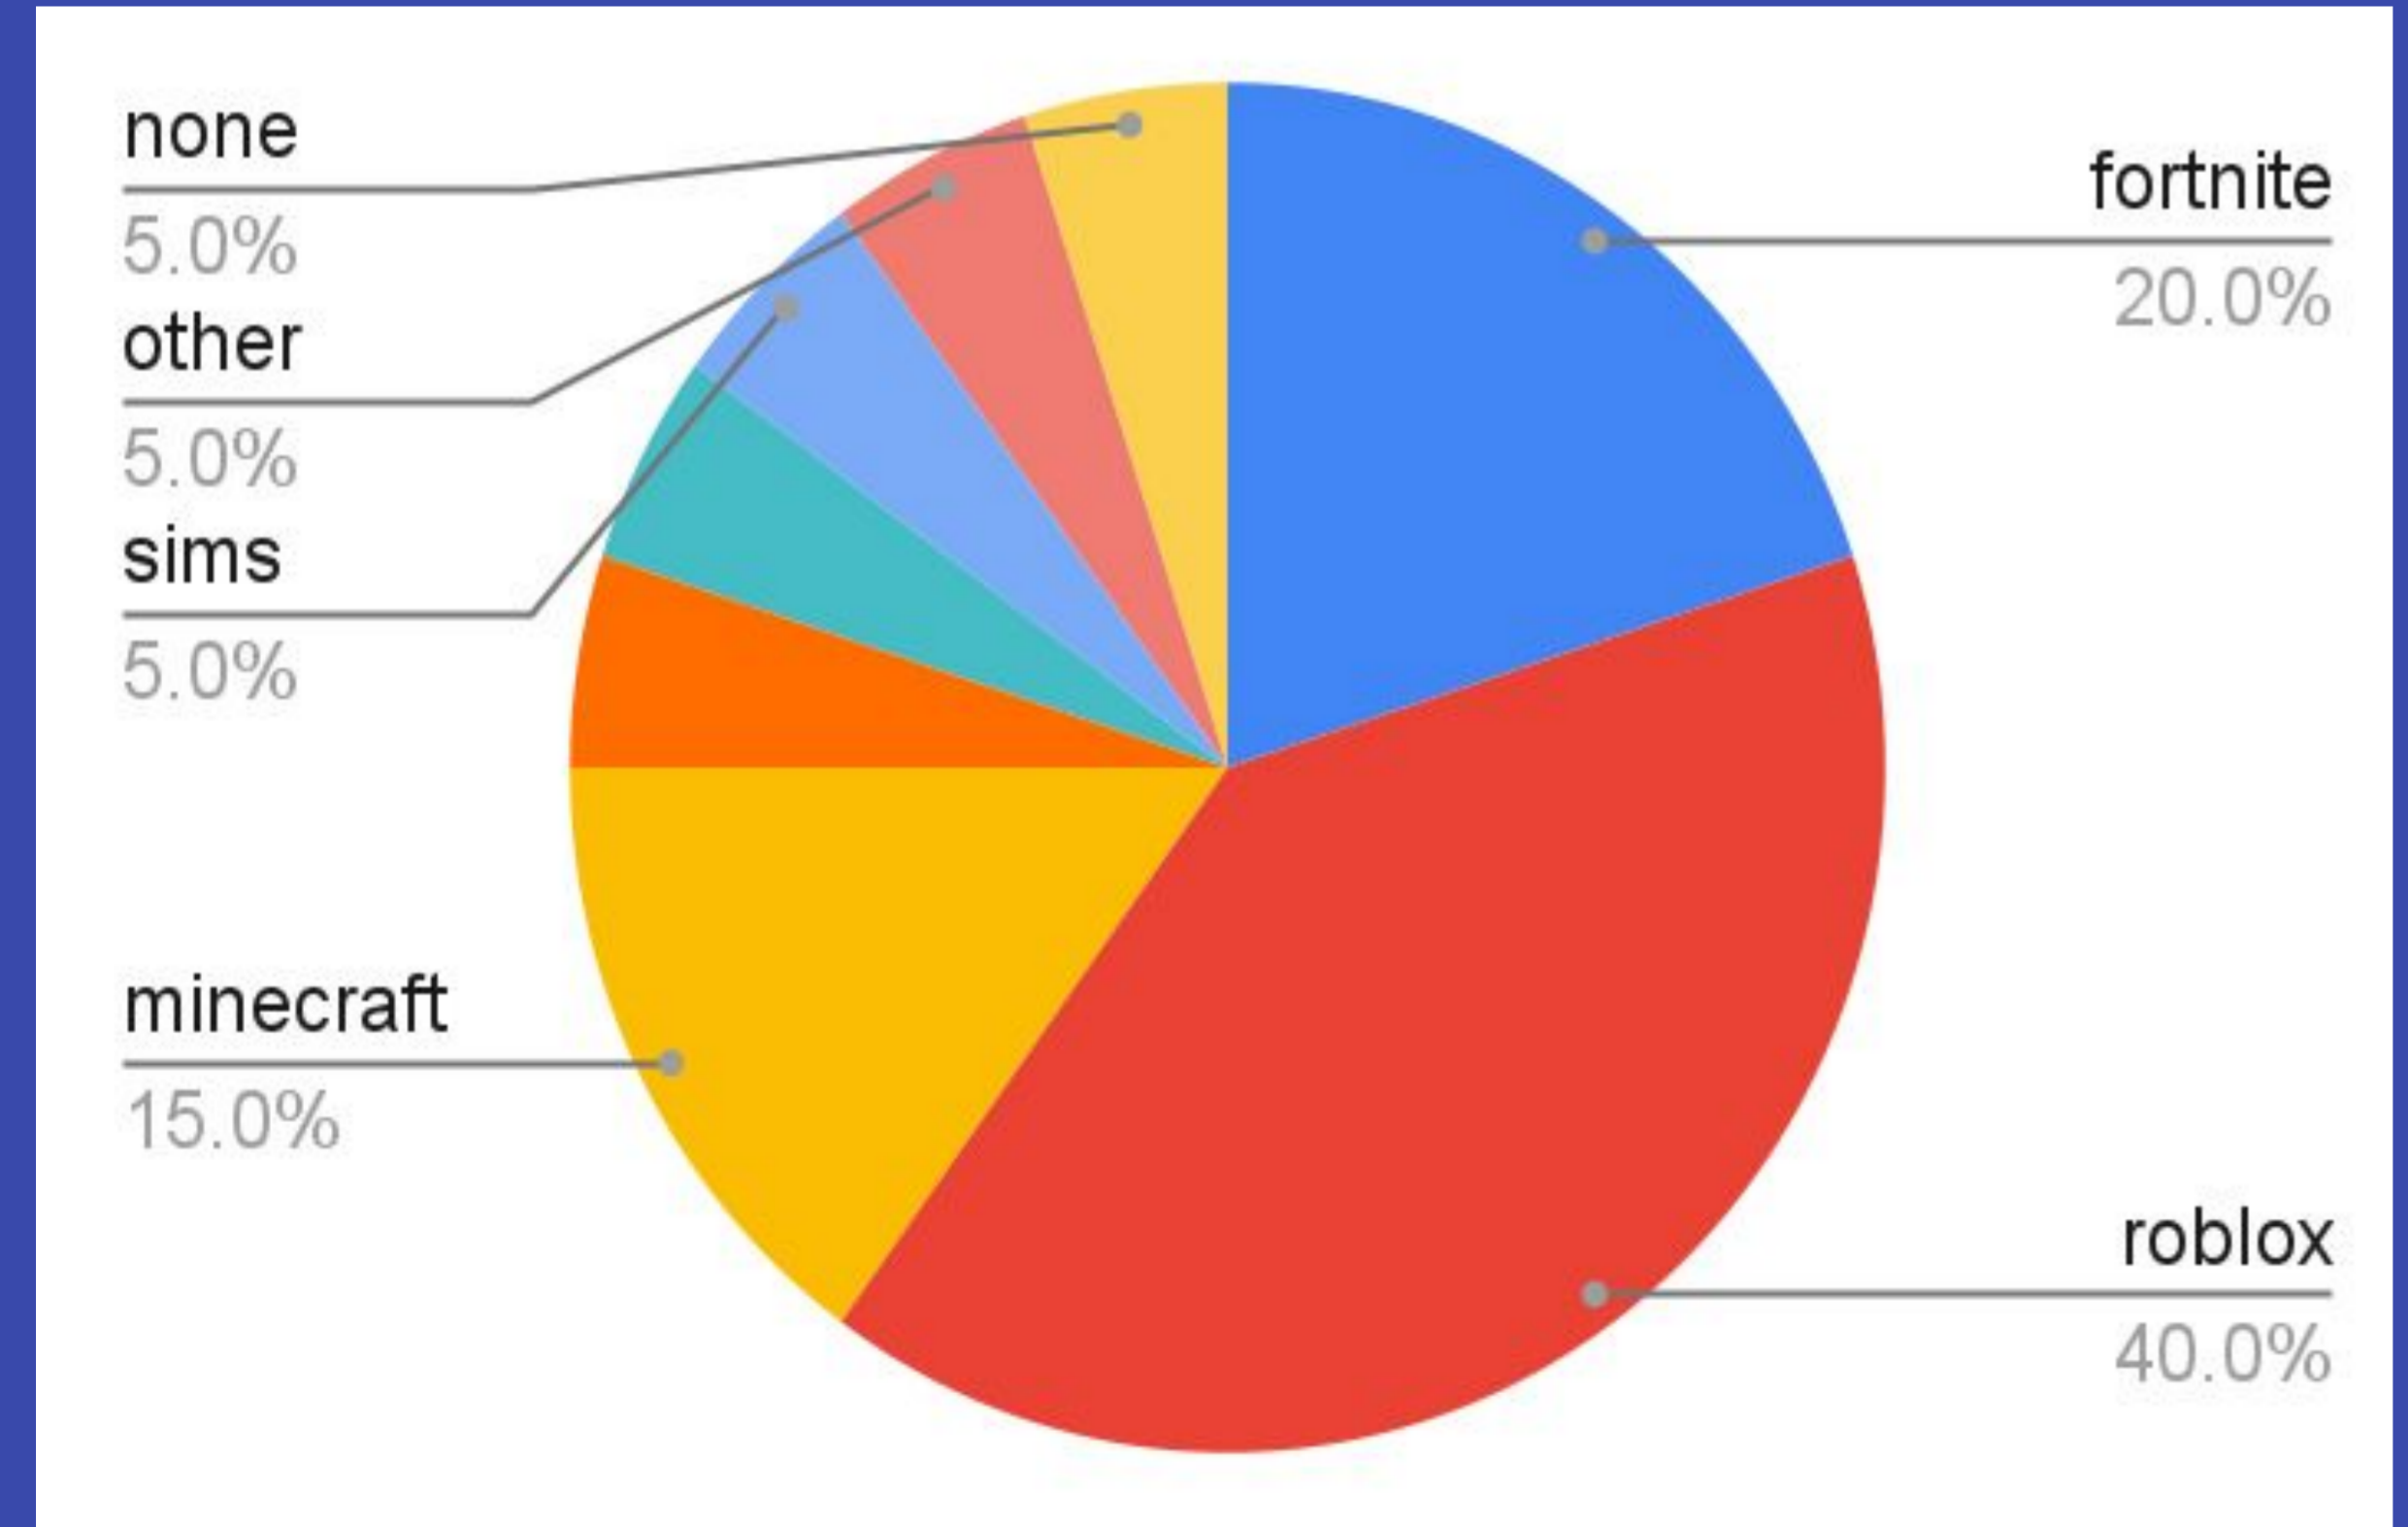

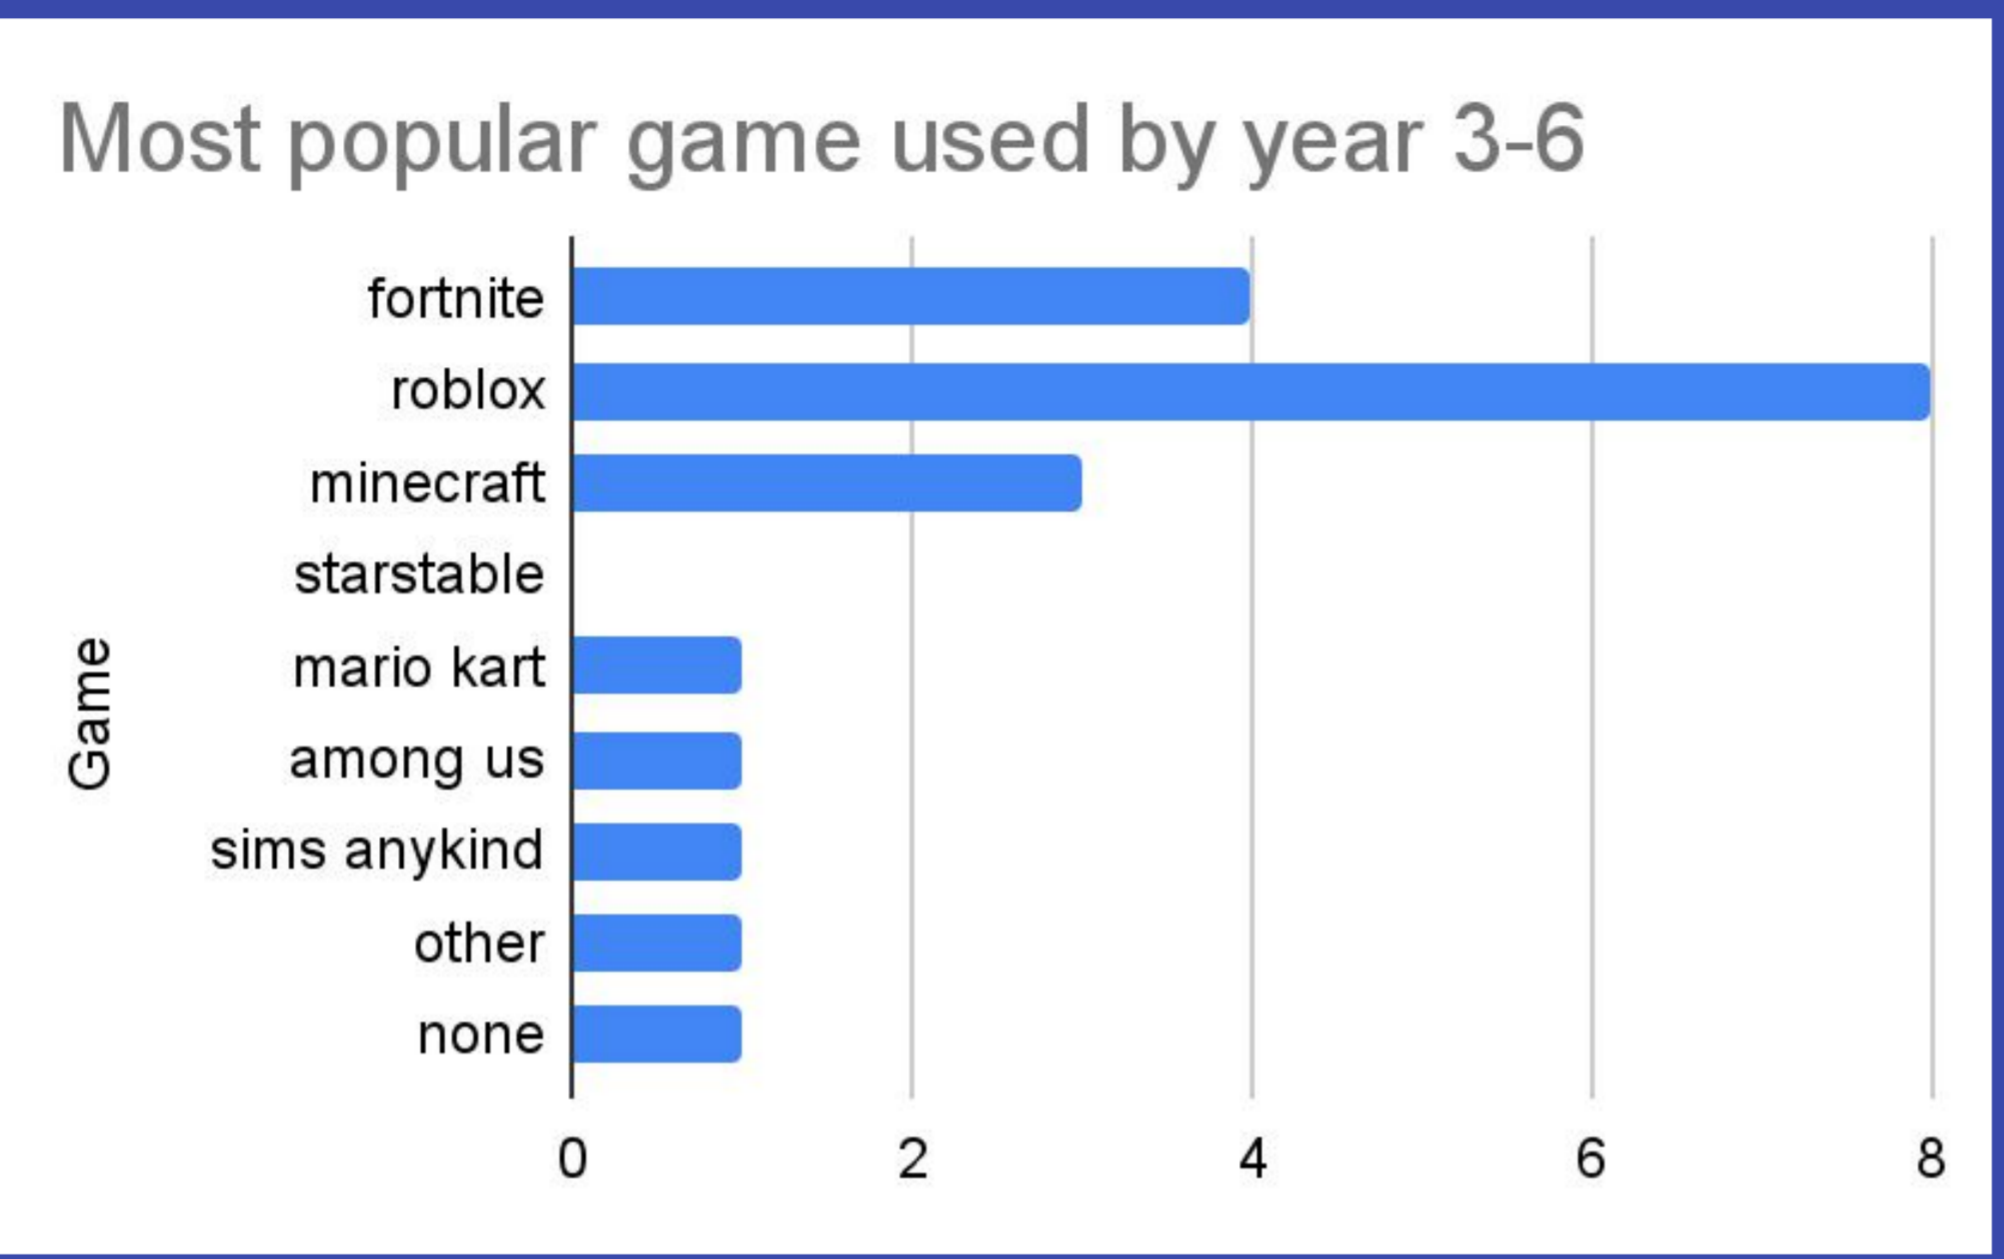

## Method

Our method was to ask 5 kids from each class (3-6) the same question: What is your favourite online game? Then, we added up all the answers and finally we had our question answered.

## Aim

Our aim here is to investigate and find out the most popular online game used by years 3-6.

Enjoy!

## Result

Our results show that the 1st most popular game was Roblox, 2nd most popular was Fortnite, and 3rd most popular was Minecraft. This shows that our hypothesis was wrong about Minecraft
